

God is the God of the rich, but also of the poor. He is the God of the judge, but also of the thief. Of the prisoner, the addict and the unborn. Of the athlete, the pastor and the politician.

And all these people, so different, are loved by Him.

Are you really happy?

Happiness does not only depend on your circumstances. It also relates to living in harmony with the God who loves. God wants to give you the opportunity to lead a life that goes beyond wealth and poverty, pain and health. God wants to give you a new life. This new life involves knowing Him, experiencing real peace and real love.

God is very serious about loving us. He proved this by sending his Son to the world. Jesus, the Son of God, cleared the way to God, a way that was barricaded by the sin of man. He did so by dying voluntarily on the cross. In this way He sacrificed Himself for the sins of all humanity.

Also for your sins.

Isn't that love!

Do you want proof?

Jesus proved to be the Son of God by rising from the grave. The evidence for this is the testimony of hundreds of people, who saw Him alive after his death. Lord Darling, former Chief Justice of England, has stated that "no intelligent jury in the world

could fail to bring in a verdict that the resurrection story is true".

Another, more tangible piece of evidence is that today millions of people believe in Jesus. Their lives have been changed by the desire to follow Him.

This proves that Jesus lives and still loves people today. No doubt also in your proximity there are people who believe in Him.

Do you want a new life?

The Bible says: "This is how God showed his love among us: He sent his one and only Son into the world that we might live through Him" (1 John 4:9). If you want a new life, you must go to Jesus. He will give it to you, if you ask Him.
